

FOR SALE

1989 Gib'Sea 282 Lifting Keel. 6 berths

A lovely boat in excellent condition. Reluctantly I am having to give her up after over 20 years of ownership due to health reasons. She is fully equipment ready to go cruising.

£21,000

28 March 2022

Dear Secretary

I have been a member of Burnham on Sea Motor Boat and Sailing Club for more than 30 years and have owned my current boat for over 20 years. I have now reached the age where unfortunately I find it necessary to sell my boat. She is a Gib'Sea 282 with lifting keel which is ideal for the Bristol Channel as she can dry out in any of the harbours. She is fully equipped and ready to cruise and is in exceptionally good condition. She has recently had a full survey which she passed with flying colours.

I am hoping she may appeal to one of your members. I therefore would be very grateful if you could put the details on your Club noticeboard. If anyone is interested she can be viewed at Burnham on Sea.
